Overview of Our Company

We are a fast-growing Japanese restaurant operator and were borne out of the idea of introducing the modernized Japanese dining experience to customers all over the world. Specializing in Japanese ramen, we gained recognition as a leading ramen restaurant in Southern California within six months of our 2016 debut and have continued to expand our top-notch restaurant service across Southern California, currently operating ten restaurants with an additional three new restaurant stores under construction/development. Further, we entered into a material definitive agreement to acquire three existing restaurants in Las Vegas and expect to complete the acquisition in early second quarter 2024.

We take pride in our warm, hearty, smooth, and rich bone broth, which is slowly boiled for over twelve hours. Customers can taste and experience supreme quality and deep flavors. Combining the broth with the fresh, savory, and highest-quality ingredients, we serve the perfect, ideal ramen, as well as offer customers a wide variety of sushi rolls, bento menu and other favorite Japanese cuisine. Our acclaimed signature Tonkotsu Black Ramen has become a customer favorite with its slow cooked pork bone broth and freshly made, tender chashu (braised pork belly).

Our mission is to bring our Japanese ramen and cuisine to the mainstream, by providing a meal that customers find comforting. Since the inception of the business, we have been making our own ramen broth and other key ingredients such as pork chashu and flavored eggs from scratch, whereby upholding the quality and taste of our foods, including the signature texture and deep, rich flavor of our handcrafted broth. Moreover, we believe that slowly cooking the bone broth makes it high in collagen and rich in nutrients. We also strive to present food that is not only healthy, but also affordable. We feed, entertain and delight our customers, with our active kitchens and bustling dining rooms providing happy hours, student and senior discounts, and special holiday events. As a result of our vision, customers can comfortably enjoy our food in a friendly and welcoming atmosphere.

In September 2022, we consummated our initial public offering (the “IPO”) of 2,940,000 shares of our Class A common stock, par value \$0.0001 per share (“Class A Common Stock”) at a public offering price of \$4.00 per share, generating gross proceeds of \$11,760,000. Net proceeds from the IPO were approximately \$10.3 million after deducting underwriting discounts and commissions and other offering expenses of approximately \$1.5 million.

We granted the underwriters a 45-day option to purchase up to 441,000 additional shares (equal to 15% of the shares of Class A Common Stock sold in the IPO) to cover over-allotments, if any, which the underwriters did not exercise. In addition, we issued to the representative of the underwriters warrants to purchase a number of shares of Class A Common Stock equal to 5.0% of the aggregate number of shares of Class A Common Stock sold in the IPO (including shares of Class A Common Stock sold upon exercise of the over-allotment option). The representative’s warrants are exercisable at any time and from time to time, in whole or in part, during the four-and-½-year period commencing six months from the date of commencement of the sales of the shares of Class A Common Stock in connection with the IPO, at an initial exercise price

per share of \$5.00 (equal to 125% of the initial public offering price per share of Class A Common Stock). No representative's warrants have been exercised.

On September 9, 2022, our Class A Common Stock began trading on the Nasdaq Capital Market under the symbol "YOSH."

On November 22, 2023, we filed a Certificate of Amendment (the "Certificate of Amendment") to our Amended and Restated Certificate of Incorporation to effect a reverse stock split of our Class A Common Stock and Class B common stock, par value \$0.0001 per share ("Class B Common Stock" and, together with Class A common Stock, "Common Stock"), in the ratio of 1-for-10 (the "Reverse Stock Split") effective at 11:59 p.m. eastern on November 27, 2023. The Class A Common Stock began trading on a split-adjusted basis at the market open on Tuesday, November 28, 2023.

No fractional shares were issued as a result of the Reverse Stock Split. Instead, any fractional shares that would have resulted from the Reverse Stock Split were rounded up to the next whole number. As a result, a total of 34,846 shares of Class A Common Stock were issued and total of 1,230,246 shares of Class A Common Stock were outstanding as of December 31, 2023. The Reverse Stock Split affects all stockholders uniformly and did not alter any stockholder's percentage interest in our outstanding Common Stock, except for adjustments that may result from the treatment of fractional shares. The number of authorized shares of Common Stock and number of authorized, issued, and outstanding shares of the preferred stock were not changed.

1

Supply Chain Disruption and Inflation

Our profitability depends in part on our ability to anticipate and react to changes in food and supply costs, especially in light of recent supply chain disruptions. We believe we have experienced higher costs due to increased commodity prices and challenges sourcing our supplies due in part to global supply chain disruptions. Although historically, and as of December 31, 2023, global supply chain disruptions have not materially adversely affected our business, a substantial increase in the cost of, or inability to procure, the food products most critical to our menu, such as canola oil, rice, meats, fish and other seafood, as well as fresh vegetables, could materially and adversely affect our business, financial condition or results from operations. Because we provide moderately priced food, we may choose not to, or may be unable to, pass along commodity price increases to consumers. These potential changes in supply costs could materially adversely affect our business, financial condition or results of operations.

Historically and as of the date hereof, inflation has not had a material effect on our results of operations. Severe increases in inflation, however, could affect the global and U.S. economies and could have a materially adverse impact on our business, financial condition or results of operations. Furthermore, future volatile, negative, or uncertain economic conditions and recessionary periods or periods of significant inflation may adversely impact consumer spending at our restaurants, which would materially adversely affect our business, financial condition and results of operations. Such effects can be especially pronounced during periods of economic contraction or slow economic growth. To the extent that we are unable to offset such cost inflation through increased menu prices or increased efficiencies in our operations and cost savings, there could be a negative impact on our business, sales and margin performance, net income, cash flows and the trading price of our common shares. We have been able to offset to some extent these inflationary and other cost pressures through actions such as increasing menu prices and supply chain initiatives, however, we expect these inflationary and other cost pressures to continue into the year 2024.

Our Strengths

Experienced Management Team Dedicated to Growth.

Our team is led by experienced and passionate senior management who are committed to our mission. We are led by our Chief Executive Officer, James Chae. Mr. Chae founded Yoshiharu in 2016 and has helped grow the business since that time. Mr. Chae leads a team of talented professionals with deep financial, operational, culinary, and real estate experience.

Compelling Value Proposition with Broad Appeal.

Guests can enjoy our signature ramen dishes or select from our variety of fresh sushi rolls, bento, and other Japanese cuisine. The high-quality dishes at affordable prices are the result of our efficient operations. In addition, we believe our commitment to high-quality and fresh ingredients in our food is at the forefront of current dining trends as customers continue to seek healthy food options.

Attractive Restaurant-Level Economics.

At Yoshiharu, we believe our rapid customer turnover, combined with our ability to deliver in 2 major day parts with lunch and dinner, allows for robust and efficient sales in each of our restaurants. Our average unit volume ("AUV", as defined herein) was \$1.2 million in 2022 and \$1.1 million in 2023.

Quality of Food and Excellence in Customer Service.

We place a premium on serving high-quality, authentic Japanese cuisine. We believe in customer convenience and satisfaction and have created strong, loyal and repeat customers who help expand the Yoshiharu network to their friends, family and co-workers.

2

Our Growth Strategies

Pursue New Restaurant Development.

We have pursued a disciplined new corporate owned growth strategy. Having expanded our concept and operating model across varying restaurant sizes and geographies, we plan to leverage our expertise opening new restaurants to fill in existing markets and expand into new geographies. While we currently aim to achieve in excess of 100% annual unit growth rate over the next three to five years, we cannot predict the time period of which we can achieve any level of restaurant growth or whether we will achieve this level of growth at all. Our ability to achieve new restaurant growth is impacted by a number of risks and uncertainties beyond our control, including those described under the caption "Risk Factors." In particular, see "Risk Factors—Our long-term success is highly dependent on our ability to successfully identify and secure appropriate sites and timely develop and expand our operations in existing and new markets" for specific risks that could impede our ability to achieve new restaurant growth in the future. We believe there is a significant opportunity to employ this strategy to open additional restaurants in our existing markets and in new markets with similar demographics and retail environments.

Deliver Consistent Comparable Restaurant Sales Growth.

We have achieved positive comparable restaurant sales growth in recent periods. We believe we will be able to generate future comparable restaurant sales growth by growing traffic through increased brand awareness, consistent delivery of a satisfying dining experience, new menu offerings, and restaurant renovations. We will continue to manage our menu and pricing as part of our overall strategy to drive traffic and increase average check. We are also exploring initiatives to grow sales of alcoholic beverages at our restaurants, including the potential of a larger format restaurant with a sake bar concept. In addition to the strategies stated above, we expect to initiate sales of franchises in 2024.

Increase Profitability.

We have invested in our infrastructure and personnel, which we believe positions us to continue to scale our business operations. As we continue to grow, we expect to drive higher profitability both at a restaurant-level and corporate-level by taking advantage of our increasing buying power with suppliers and leveraging our existing support infrastructure. Additionally, we believe we will be able to optimize labor costs at existing restaurants as our restaurant base matures and AUVs increase. We believe that as our restaurant base grows, our general and administrative costs will increase at a slower rate than our sales.

Heighten Brand Awareness.

We intend to continue to pursue targeted local marketing efforts and plan to increase our investment in advertising. We also are exploring the development of instant ramen noodles which we would distribute through retail channels. We intend to explore partnerships with grocery retailers to provide for small-format Yoshiharu kiosks in stores to promote a limited selection of Yoshiharu cuisine.

Experienced Management Team Dedicated to Growth.

Our team is led by experienced and passionate senior management who are committed to our mission. We are led by our Chief Executive Officer, James Chae. Mr. Chae founded Yoshiharu in 2016 and leads a team of talented professionals with deep financial, operational, culinary, and real estate experience.

*¹ Opened in February 2024.

*² Under construction.

*³ Under closing process.

We are obligated under non-cancelable leases for the majority of our restaurants, as well as our corporate offices. The majority of our restaurant leases have lease terms of 10 years, inclusive of customary extensions which are at the option of the company. Our restaurant leases generally require us to pay a proportionate share of real estate taxes, insurance, common area maintenance charges, and other operating costs. Some restaurant leases provide for contingent rental payments based on sales thresholds, although we generally do not expect to pay significant rent on these properties based on the thresholds in those leases. We do not own any real property.

We opened one restaurant in each year from 2019 through 2021, and we have opened two restaurants in 2022 and 2023. We also opened a new restaurant in February 2024, and currently have two new locations under construction/development. Further, we entered into a material definitive agreement to acquire three existing restaurants in Las Vegas and expect to close the acquisition in the early second quarter of 2024.

We anticipate approximately \$350,000 in costs per new location in development, and has spent approximately \$514,000 for the two locations under construction/development as of December 31, 2023.

In 2019, we closed our West Hollywood and Lynwood, California restaurants due to underperformance. We cannot provide assurance that we will be able to open any specific number of restaurants in any year. See “*Risk Factors—Risks Related to Our Business and Industry—Our long-term success is highly dependent on our ability to successfully identify and secure appropriate sites and timely develop and expand our operations in existing and new markets.*”

Site Development and Expansion

Site Selection Process

We consider site selection to be instrumental to our success. As part of our strategic site selection process, we receive potential site locations from networks of local brokers, which are then reviewed by our Development Team. This examination consists of an analysis of the lease terms and conditions, a profitability evaluation, as well as multiple site visits during all times of the day, e.g., lunch, late afternoon, dinner, weekdays and weekends, to test for traffic. The Development Team holds regular meetings

for site approval with other members of our senior management team in order to get a balanced perspective on a potential site.

Our current real estate strategy focuses on high-traffic retail centers in markets with a diverse population and above-average household income for the state. We believe we are attractive lessees for landlords given our ability to drive strong traffic comprised of above-average household income guests, and we imagine our bargaining power will become stronger as we accumulate more stores. In site selection, we also consider factors such as residential and commercial population density, restaurant visibility, traffic patterns, accessibility, availability of suitable parking, proximity to highways, universities, shopping areas and office parks, the degree of competition within the market area, and general availability of restaurant-level employees. We also invest in site analytics tools for demographic analysis and data collection for both existing and new market areas, which we believe allows us to further understand the market area and determine whether to open new restaurants in that location.

Our flexible physical footprint, which has allowed us to open restaurants in size ranging from 1,500 to 2,500 square feet, allows us to open in-line and end-cap restaurant formats at strip malls and shopping centers and penetrate markets in both suburban and urban areas. We believe we have the ability to open additional restaurants in our existing metropolitan areas. We also believe there is significant opportunity to employ the strategy in new markets with similar demographics across the U.S. and globally.

Expansion Strategy

We plan to pursue a multi-facet expansion strategy by opening new corporate restaurants or acquiring existing restaurants in both new and existing markets, as well as utilizing the franchise market. We believe this expansion will be crucial to executing our growth strategy and building awareness of Yoshiharu as a leading Japanese casual dining brand. Expansion into new markets occurs in parallel with ongoing evaluation of existing markets, with the goal of maintaining a pipeline of top-tier development opportunities. As described under the heading Site Selection Process above, we use a systematic approach to identify and review existing and new markets.

Upon selecting a new market, we typically build one restaurant to prove concept viability in that market. We have developed a remote management system whereby our senior operations team is able to monitor restaurants in real-time from our headquarters using approximately eight cameras installed in each restaurant. We utilize this remote management system to maintain operational quality while minimizing inefficiencies caused by a lack of economies of scale in new markets.

Due to our relatively small restaurant count, new restaurants have an outsized impact on our financial performance. In order to mitigate risk, we look to expand simultaneously in new and existing markets. We base our site selection on our most successful existing restaurants and frequently reevaluate our strategy, pacing and markets. We believe we are in the early stages of our growth story and that our restaurant model is designed to generate strong cash flow, attractive restaurant-level financial results and high returns on invested capital, which we believe provides us with a strong foundation for expansion.

Restaurant Design

Restaurant design is handled by our Development Team in conjunction with outsourced vendor relationships, e.g., architects and general contractors. Our restaurant size currently averages approximately 1,500 square feet. Seating in our restaurant is comprised of a combination of table seating and bar seats with an average seating capacity of 40-50 guests.

We are developing two main restaurant layouts. The standard restaurants will be built using our current layout and design which we believe evokes a modern and on-trend Japanese dining atmosphere. The second layout is a larger floor plan where we will utilize a full service restaurant and bar. We believe our see-through kitchens reflecting the cooks preparing first-hand meals, amplify the lively bustle provided by the great casual atmosphere, and serve to highlight the ambiance of getting great food in a modern Japanese style ambiance.

Construction

Construction of a new restaurant takes approximately 12 to 24 weeks once construction permits are issued. Our Development Team oversees the build-out process from engaging architects and contractors to design and build out the restaurant. The capital resources required to develop each new restaurant are significant. On average, we estimate our restaurant build-outs to cost approximately \$350,000 - \$550,000 per standard location, net of tenant allowances and pre-opening costs and assuming that we do not purchase the underlying real estate, but this figure could be significantly higher depending on the market, restaurant size, and condition of the premises upon delivery by landlord. On average, we estimate that our restaurants require a cash build-out cost of approximately \$350,000-\$550,000 per restaurant, net of landlord tenant improvement allowances and pre-opening costs and assuming that we do not purchase the underlying real estate. Actual costs may vary significantly depending upon a variety of factors, including the site and size of the restaurant and conditions in the local real estate and labor markets.

Restaurant Management and Operations

Restaurant Management and Employees

Our restaurants typically employ one restaurant manager, one or two supervisors, and approximately 8 to 12 additional team members. Managers, supervisors and management trainees are cross-trained throughout the restaurant in order to create competency across critical restaurant functions, both in the dining area and in the kitchen.

In addition, our senior operations team monitors restaurants in real-time from our headquarters using our remote management system of approximately eight cameras installed in each restaurant. These team members are responsible for different components of the restaurant: cleanliness, service, and food quality.

Training and Employee Programs

We devote significant resources to identifying, selecting, and training restaurant-level employees. Our training covers leadership, team building, food safety certification, alcohol safety programs, sexual harassment training, and other topics. Management trainees undergo training for approximately 8 to 16 weeks in order to develop a deep understanding of our operations. In addition, we are developing extensive training manuals that cover all aspects of restaurant-level operations.

Our traveling "opening team" provides training to team members in advance of opening a new restaurant. We believe the opening team facilitates a smooth opening process and efficient restaurant operations from the first day a restaurant opens to the public. The opening team is typically on-site at new restaurants from two weeks before opening to four weeks after opening.

Food Preparation, Quality and Safety

We are committed to consistently providing our guests high quality, freshly prepared food. For other items we believe hand preparation achieves the best quality. Hand

preparation of menu items includes, but is not limited to, frying tempura, slicing meat and fish and making pork bone broth. We believe guests can taste the difference in freshly prepared food and that adhering to these standards is a competitive advantage for our brand.

Food safety is essential to our success and we have established procedures to help ensure that our guests enjoy safe, quality food. We require each employee to complete food handler safety certification upon hiring. We have taken various additional steps to mitigate food quality and safety risks, including undergoing internal safety audits. We also consider food safety and quality assurance when selecting our distributors and suppliers.

Menu

We offer a diverse menu, including our signature ramen dishes, as well as sushi rolls, bento boxes, and other Japanese cuisine. The menu appeals to a wide range of customers, and we continue to improve upon the quality, taste and presentation. Additionally, we are able to serve the menu in a delivery and pickup format, as our food is designed to be enjoyed on premise or at customers' homes or offices. We have entered the catering business through relationships with businesses who place large format orders (i.e., Bento boxes for corporate meetings or office lunches), for delivery or pick-up. We expect that our catering business, which has a higher-than-average order value, to grow due to the early success we have experienced in the corporate channel.

New Menu Introductions

We focus advertising efforts on new menu offerings to broaden our appeal to guests and drive traffic. Our menu changes twice per year to introduce new items and remove underperforming items. We promote these new menu additions through various social media platforms, our website and in-restaurant signage.

Marketing and Advertising

We use a variety of marketing and advertising channels to build brand awareness, attract new guests, increase dining frequency, support new restaurant openings, and promote Yoshiharu as an authentic Japanese restaurant with high-quality cuisine and a distinctive dining experience. Our primary advertising channels include digital, social, and print.

Social Media

We maintain a presence on several social media platforms including Facebook and Instagram, allowing us to regularly communicate with guests, alert guests of new offerings, and conduct promotions. Our dining experience is built to provide our guests social media shareable moments, which we believe extends our advertising reach.

Suppliers

We carefully select suppliers based on product quality and authenticity and their understanding of our brand, and we seek to develop long-term relationships with them. All supply arrangements are negotiated and managed at the Yoshiharu corporate-level.

Food. Our Vice President of Operations identifies and procures high-quality ingredients at competitive prices. Each store separately makes an order to the specific vendor, and the invoices are submitted and paid by Yoshiharu at the corporate-level. We source mainly through the following Japanese-related distributors: JFC, a subsidiary of Kikkoman Corporation, Wismettac, a subsidiary of Nishimoto Co., Ltd., and Mutual Trading Co., Inc., a California corporation.

Paper. Our Vice President of Operations negotiates long term supply agreements for our logo-branded paper including takeout bags and bowls, chopsticks, as well as uniforms. We make a portion of our purchases annually in bulk at fixed prices, and deliver them to our warehouse in Anaheim, California. Each restaurant Manager receives the necessary paper supplies from our warehouse.

Management Information Systems

We utilize systems provided by Toast, Inc. for point of sale, contactless ordering, handheld ordering, online ordering and delivery, as well as marketing and payroll management. We believe that Toast's systems provide us and our customers with streamlined operations and allows us to efficiently turn tables and improve the sales conversion cycle, while reducing third-party commissions for online orders.

Restaurant Industry Overview

According to the National Restaurant Association (the "NRA"), restaurant industry sales in 2023 were over \$1.0 trillion, up from \$966 billion in 2022 and is forecast to grow to \$1.1 trillion in 2024.

The restaurant industry is divided into several primary segments, including limited-service and full-service restaurants, which are generally categorized by price, quality of food, service, and location. Yoshiharu sits at the intersection of these two segments offering the experience and food quality of a full-service restaurant and the speed of service of a limited-service restaurant. We primarily compete with other full-service restaurants, which, according to the NRA, had approximately \$305 billion of sales in calendar year 2022, up from \$266 billion in 2021. The limited-service segment generated approximately \$370 billion in calendar year 2022, or a roughly \$30 billion increase from the prior year.

According to the 2023 State of the Restaurant report, full-service restaurant sales are expected to increase to \$324 billion in calendar year 2023, an increase of 6.2% from 2022 and the limited-service segment is forecast to reach \$395 billion in 2023, resulting in a 6.8% increase from 2022.

We believe that increased multiculturalism in the United States, driven in part by growth in the Asian demographic, contributes to a favorable macro environment for Yoshiharu's future growth. According to the U.S. Census Bureau, the Asian population is projected to be one of the fastest growing demographics in the United States, increasing in size from 20 million people in calendar year 2020 to 24.4 million people by calendar year 2030. During this time, the Asian population's share of the nation's total population is projected to increase by 15%, from approximately 6% to 6.9%.

Additionally, we believe that Yoshiharu is well-positioned to grow our share of the restaurant market as consumers seek quality, value, healthier options, and authentic global and regional cuisine in their dining choices. According to the National Restaurant Association 2023 State of the Industry report, roughly 45% of family and casual dining restaurants plan to add new menu items identified as healthy or nutritious in 2023.

We cannot provide assurance that we will benefit from these long-term demographic trends, although we believe the projected growth in the Asian population and the Asian influence on dining trends will result in an increase in demand for Japanese and Asian foods.

Competition

We face significant competition from a variety of locally owned restaurants regional, and national chain restaurants offering both Asian and non-Asian cuisine, as well as takeaway options from grocery stores. Direct competition for Yoshiharu comes primarily from Asian restaurants including other ramen noodles restaurants. Jinya Ramen Bar operates approximately 40 locations in the United States and also franchises their restaurants. We believe that we compete primarily based on product quality, dining experience, ambience, location, convenience, value perception, and price. Our competition continues to intensify as competitors increase the breadth and depth of their product offerings and open new restaurants.

Seasonality

Due to Yoshiharu's menu breadth and diversification of offerings, we do not experience significant seasonality.

Employees and Human Capital

We have 180 employees; 160 of the employees are restaurant-level employees, and the rest perform business development, finance, marketing, investor relations, and administrative functions. We believe that our success is dependent upon, among other things, the services of our senior management, the loss of which could have a material adverse effect upon our prospects. None of our employees are represented by a labor union or covered by a collective bargaining agreement.

As we continue to grow, we will add additional restaurant-level, marketing, and administrative personnel.

Properties

Our executive offices are located at 6940 Beach Blvd., Suite D-705, Buena Park, CA 90621 and our telephone number is (714) 694-2403. We consider our current office space adequate for our current operations.

Legal Proceedings

From time to time, we are also involved in various other claims and legal actions that arise in the ordinary course of business. Although the results of litigation and claims cannot be predicted with certainty, we do not believe that the ultimate resolution of these actions will have a material adverse effect on our financial position, results of operations, liquidity or capital resources.

Future litigation may be necessary to defend ourselves and our partners by determining the scope, enforceability and validity of third party proprietary rights or to establish our proprietary rights. The results of any current or future litigation cannot be predicted with certainty, and regardless of the outcome, litigation can have an adverse impact on us because of defense and settlement costs, diversion of management resources and other factors.

Reverse Stock Split

On November 20, 2023, our stockholders approved a proposal at our annual meeting of stockholders (the "Annual Meeting") further amending our Amended and Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to effect a reverse stock split of our Common Stock at a ratio between one-for-two (1:2) and one-for-forty (1:40), without reducing the authorized number of our shares of Common Stock. Following the Annual Meeting, our Board of Directors approved a final split ratio of one-for-ten (1:10). Following such approval, on November 22, 2023, we filed an amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware to effect the reverse stock split, with an effective time of 11:59 p.m. Eastern Time on November 27, 2023 (the "Reverse Stock Split"). Our Class A Common Stock began trading on Nasdaq on a split-adjusted basis beginning on November 28, 2023. Unless otherwise noted, all share and per share information relating to our Common Stock in this prospectus has been adjusted to reflect the 1-for-10 Reverse Stock Split.

Implications of Being an Emerging Growth Company

We are an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012, as amended (the "JOBS Act"). We will remain an "emerging growth company" until the earliest of: (i) the last day of the fiscal year in which we have \$1.07 billion or more in annual gross revenues; (ii) the date on which we become a "large accelerated filer" (which means the year-end at which the total market value of our common equity securities held by non-affiliates is \$700 million or more as of the last business day of our most recently completed second fiscal quarter); (iii) the date on which we have issued more than \$1 billion of non-convertible debt securities over a three-year period; and (iv) the last day of the fiscal year following the fifth anniversary of our initial public offering. We have elected to take advantage of certain of the scaled disclosure available for emerging growth companies in this prospectus as well as our filings under the Exchange Act of 1934 ("the Exchange Act"), including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation and financial statements in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote to approve executive compensation and shareholder approval of any golden parachute payments not previously approved. We will take advantage of these reporting exemptions until we are no longer an "emerging growth company." The JOBS Act provides that an "emerging growth company" can take advantage of an extended transition period for complying with new or revised accounting standards. We have irrevocably elected not to avail ourselves of this exemption and, therefore, we are subject to the same new or revised accounting standards as other public companies that are not "emerging growth companies."

If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be seriously harmed. This could cause the trading price of our Class A Common Stock to decline, resulting in a loss of all or part of your investment. Please also read carefully the section below entitled “Special Note Regarding Forward-Looking Statements.”

Risks Related to This Offering

It is not possible to predict the actual number of shares we will sell under the Purchase Agreement to the Selling Stockholder, or the actual gross proceeds resulting from those sales.

Subject to certain limitations in the Purchase Agreement and compliance with applicable law, we have the discretion to deliver notices to the Selling Stockholder at any time throughout the term of the Purchase Agreement. The actual number of shares of Class A Common Stock are sold to the Selling Stockholder may depend based on a number of factors, including the market price of our Class A Common Stock during the sales period. Actual gross proceeds may be less than \$5.0 million, which may impact our future liquidity. Because the price per share of each share sold to the Selling Stockholder will fluctuate during the sales period, it is not currently possible to predict the number of shares that will be sold or the actual gross proceeds to be raised in connection with those sales.

Investors who buy shares in this offering at different times will likely pay different prices.

Investors who purchase shares of Class A Common Stock in this offering at different times will likely pay different prices, and so may experience different levels of dilution and different outcomes in their investment results. In connection with the Purchase Agreement, we will have discretion, subject to market demand, to vary the timing, prices, and numbers of shares of Class A Common Stock sold to the Selling Stockholder. Similarly, the Selling Stockholder may sell such shares at different times and at different prices. Investors may experience a decline in the value of the shares they purchase from the Selling Stockholder in this offering as a result of sales made by us in future transactions to the Selling Stockholder at prices lower than the prices they paid.

The issuance of Class A Common Stock to the Selling Stockholder may cause substantial dilution to our existing shareholders and the sale of such shares acquired by the Selling Stockholder could cause the price of our Class A Common Stock to decline.

We are registering for resale by the Selling Stockholder up to 237,885 shares of Class A Common Stock. The number of shares of our Class A Common Stock ultimately

offered for resale by the Selling Stockholder under this prospectus is dependent upon the number of shares of Class A Common Stock issued to the Selling Stockholder pursuant to the Purchase Agreement. Depending on a variety of factors, including market liquidity of our Class A Common Stock, the issuance of shares to the Selling Stockholder may cause the trading price of our Class A Common Stock to decline.

The sale of a substantial number of shares of our Class A Common Stock by the Selling Stockholder in this offering, or anticipation of such sales, could cause the trading price of our Class A Common Stock to decline or make it more difficult for us to sell equity or equity-related securities in the future at a time and at a price that we might otherwise desire.

We may require additional financing to sustain our operations and without it we may not be able to continue operations.

Subject to the terms and conditions of the Purchase Agreement, we may, at our discretion, direct the Selling Stockholder to purchase up to \$5,000,000 of shares of our Class A Common Stock under the Purchase Agreement from time-to-time. The purchase price per share for the shares of Class A Common Stock that we may elect to sell to the Selling Stockholder under the Purchase Agreement will fluctuate based on the market prices of our Class A Common Stock for each purchase made pursuant to the Purchase Agreement, if any. Accordingly, it is not currently possible to predict the number of shares that will be sold to the Selling Stockholder, the actual purchase price per share to be paid by the Selling Stockholder for those shares, if any, or the actual gross proceeds to be raised in connection with those sales.

10

Assuming a purchase price of \$5.63 per share (which represents the closing price of our Class A Common Stock on Nasdaq on January 4, 2024), the purchase by the Selling Stockholder of all of the remaining 212,935 shares available under the Exchange Cap (less the amount of the Commitment Shares) would result in aggregate gross proceeds to us of approximately \$1.2 million which is substantially less than the \$5 million total commitment amount available to us under the Purchase Agreement.

Accordingly, in order to receive aggregate gross proceeds equal to the \$5 million total commitment amount available to us under the Purchase Agreement, we would need to issue and sell to the Selling Stockholder under the Purchase Agreement more than the Exchange Cap, which would require us to (i) first obtain stockholder approval to issue shares of Class A Common Stock in excess of the Exchange Cap under the Purchase Agreement in accordance with applicable Nasdaq rules, and (ii) file with the SEC one or more additional registration statements to register under the Securities Act the resale by the Selling Stockholder any such additional shares of our Class A Common Stock we wish to sell from time to time under the Purchase Agreement, which the SEC must declare effective, in each case before we may elect to sell any additional shares of our Class A Common Stock to the Selling Stockholder under the Purchase Agreement.

The extent to which we rely on the Selling Stockholder as a source of funding will depend on a number of factors including, the prevailing market price of our Class A Common Stock and the extent to which we are able to secure working and other capital from other sources. If obtaining sufficient funding from the Selling Stockholder were to prove unavailable or prohibitively dilutive, we may need to secure another source of funding in order to satisfy our working and other capital needs. Even if we were to sell to the Selling Stockholder all of the shares of Class A Common Stock available for sale to the Selling Stockholder under the Purchase Agreement, we may still need additional capital to fully implement our business, operating and development plans. Should the financing we require to sustain our working capital needs be unavailable or prohibitively expensive when we require it, the consequences may be a material adverse effect on our business, operating results, financial condition and prospects.

Future sales and issuances of our Class A Common Stock or other securities might result in significant dilution and could cause the price of our Class A Common Stock to decline.

To raise capital, we may sell Class A Common Stock, convertible securities or other equity securities in one or more transactions other than those contemplated by the Purchase Agreement, at prices and in a manner we determine from time to time. We may sell shares or other securities in another offering at a price per share that is less than the price per share paid by investors in this offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders. The price per share at which we sell additional shares of our Class A Common Stock, or securities convertible or exchangeable into Class A Common Stock, in future transactions may be higher or lower than the price per share paid by investors in this offering.

We cannot predict what effect, if any, sales of shares of our Class A Common Stock in the public market or the availability of shares for sale will have on the market price of our Class A Common Stock. However, future sales of substantial amounts of our Class A Common Stock in the public market, including shares issued upon exercise of outstanding options, warrants and convertible preferred shares, or the perception that such sales may occur, could adversely affect the market price of our Class A Common Stock.

Our management will have broad discretion over the use of the net proceeds from our sale of shares of Class A Common Stock to the Selling Stockholder, and you may not agree with how we use the proceeds and the proceeds may not be invested successfully.

Our management will have broad discretion with respect to the use of proceeds from the sale of any shares of our Class A Common Stock to the Selling Stockholder, including for any of the purposes described in the section of this prospectus entitled “*Use of Proceeds*.” You will be relying on the judgment of our management regarding the application of the proceeds from the sale of any shares of our Class A Common Stock to the Selling Stockholder. The results and effectiveness of the use of proceeds are uncertain, and we could spend the proceeds in ways that you do not agree with or that do not improve our results of operations or enhance the value of our Class A Common Stock. Our failure to apply these funds effectively could harm our business, delay the development of our pipeline product candidates and cause the price of our Class A Common Stock to decline.

11

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains various forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act, which represent our expectations or beliefs concerning future events, that are based on our management’s beliefs and assumptions and on information currently available to management, and which statements involve substantial risk and uncertainties. All statements contained in this prospectus other than statements of historical fact, including statements regarding our future operating results and financial position, our business strategy and plans, market growth and trends, and objectives for future operations are forward-looking statements. Forward-looking statements generally relate to future events or our future financial or operating performance. In some cases, you can identify forward-looking statements because they contain words such as “may,” “will,” “should,” “expects,” “plans,” “anticipates,” “could,” “intends,” “target,” “projects,” “contemplates,” “believes,” “estimates,” “predicts,” “potential,” or “continue” or the negative of these words or other similar terms or expressions that concern our expectations, strategy, plans or intentions.

These risks and uncertainties include, among other things, the risk that we may not be able to successfully implement our growth strategy if we are unable to identify appropriate sites for restaurant locations, expand in existing and new markets, obtain favorable lease terms, attract guests to our restaurants or hire and retain personnel; the risk that we may not be able to maintain or improve our comparable restaurant sales growth; that the restaurant industry is a highly competitive industry with many competitors; that our limited number of restaurants, the significant expense associated with opening new restaurants, and the unit volumes of our new restaurants makes us susceptible to significant fluctuations in our results of operations; that we have incurred operating losses and may not be profitable in the future; the risk that our plans to maintain and increase liquidity may not be successful; that we depend on our senior management team and other key employees, and the loss of one or more key personnel or an inability to attract, hire, integrate and retain highly skilled personnel could have an adverse effect on our business, financial condition or results of operations; that our operating results and growth strategies will be closely tied to the success of our future franchise partners and we will have limited control with respect to their operations; the risk that we may face negative publicity or damage to our reputation, which could arise from concerns regarding food safety and foodborne illness or other matters; that minimum wage increases and mandated employee benefits could cause a significant increase in our labor costs; that events or circumstances could cause the termination or limitation of our rights to certain

intellectual property critical to our business that is licensed from Yoshiharu Holdings Co., or that we could face infringements on our intellectual property rights and be unable to protect our brand name, trademarks and other intellectual property rights; that challenging economic conditions may affect our business by adversely impacting numerous items that include, but are not limited to: consumer confidence and discretionary spending, the future cost and availability of credit and the operations of our third-party vendors and other service providers; the risk that we, or our point of sale and restaurant management platform partners, may fail to secure guests' confidential, personally identifiable, debit card or credit card information or other private data relating to our employees or us; and the impact of the COVID-19 pandemic, or a similar public health threat, on global capital and financial markets, general economic conditions in the United States, and our business and operations.

You should not rely upon forward-looking statements as predictions of future events. We have based the forward-looking statements contained in this prospectus primarily on our current expectations and projections about future events and trends that we believe may affect our business, financial condition, results of operations, and prospects. The outcome of the events described in these forward-looking statements is subject to risks, uncertainties, and other factors described elsewhere in this prospectus and in the section titled "Risk Factors" in our annual report on Form 10-K filed with the SEC on April 1, 2024.

THE ALUMNI CAPITAL TRANSACTION

On January 4, 2024, we entered into the Purchase Agreement with Alumni Capital. Pursuant to the Purchase Agreement, we may sell to Alumni Capital up to \$5,000,000, of shares (the "Purchase Notice Shares") of Class A Common Stock, from time to time during the term of the Purchase Agreement. On April 18, 2024, we entered into an amendment to the Purchase Agreement (and together with the Purchase Agreement, referred to herein as the Purchase Agreement) which extended the term of the Purchase Agreement until December 31, 2024. The Purchase Agreement contains customary representations, warranties, conditions and indemnification obligations of the parties. Pursuant to the Purchase Agreement, we also agreed to file a registration statement with the SEC, covering the resale of shares of Class A Common Stock issued or sold to Alumni Capital under the Purchase Agreement under the Securities Act.

In consideration for Alumni Capital's execution and delivery of the Purchase Agreement, we committed to issue to the Selling Stockholder 12,475 shares of Class A Common Stock within two business days of the execution of the Purchase Agreement (the "Initial Commitment Shares") and an additional 12,475 shares of Class A Common Stock within two business days from the effective date of the registration statement which contains this prospectus (the "Additional Commitment Shares" and together with the Initial Commitment Shares, collectively, the "Commitment Shares").

We cannot sell any additional shares to Alumni Capital until the date that the registration statement which contains this prospectus is declared effective by the SEC and a final prospectus in connection therewith is filed and all of the other conditions set forth in the Purchase Agreement are satisfied (the "Commencement Date"). From and after such time, we will control the timing and amount of any sales of our Class A Common Stock to the Selling Stockholder. Actual sales of shares of our Class A Common Stock to the Selling Stockholder under the Purchase Agreement will depend on a variety of factors to be determined by us from time to time, including, among others, market conditions, the trading price of the Class A Common Stock and determinations by us as to the appropriate sources of funding for our company and our operations.

Beginning on the Commencement Date and until December 31, 2024, under the terms and subject to the conditions of the Purchase Agreement, from time to time, at our discretion, we have the right, but not the obligation, to issue to Alumni Capital, and Alumni Capital is obligated to purchase, the Purchase Notice Shares, subject to certain limitations set forth in the Purchase Agreement. The purchase price of the Purchase Notice Shares will be at one of two prices, as chosen by us in our sole discretion: (i) the lowest traded price of the Class A Common Stock on Nasdaq (or if the Class A Common Stock is no longer listed on Nasdaq, our principal trading market) for the five business days prior to the closing date with respect to a purchase notice, as reported by Bloomberg, multiplied by 85% ("Purchase Price I"); or (ii) the lowest traded price of the Class A Common Stock on Nasdaq (or if the Class A Common Stock is no longer listed on Nasdaq, our principal trading market) for the five business days prior to the closing date with respect to a purchase notice, as reported by Bloomberg, multiplied by 96% ("Purchase Price II"). Purchase Price I is limited to an amount of \$1,000,000 and Purchase Price II is limited to the lesser of (1) 250% of the average daily trading volume of the Class A Common Stock on Nasdaq (or any successor exchange), or (ii) \$500,000.

Under the applicable rules of Nasdaq, in no event may we issue more than 237,885 shares of Class A Common Stock (including the Commitment Shares), which represents 19.99% of the shares of the Class A Common Stock outstanding immediately prior to the execution of the Purchase Agreement (the "Exchange Cap"), to Alumni Capital under the Purchase Agreement, unless we obtain shareholder approval to issue shares of Class A Common Stock in excess of the Exchange Cap. We intend to seek shareholder approval to issue shares of Class A Common Stock in excess of the Exchange Cap. The Purchase Agreement also prohibits us from directing Alumni Capital to purchase any shares of our Class A Common Stock if those shares, when aggregated with all other shares of our Class A Common Stock then beneficially owned by Alumni Capital (as calculated pursuant to Section 13(d) of the Exchange Act and Rule 13d-3 thereunder), would result in the Investor beneficially owning more than 9.99% of the outstanding Class A Common Stock.

The net proceeds from sales, if any, under the Purchase Agreement, will depend on the frequency and prices at which we sell shares of Class A Common Stock to the Selling Stockholder. To the extent we sell share under the Purchase Agreement, we currently plan to use any proceeds therefrom for costs of this transaction, for working capital, strategic and other general corporate purposes.

The Purchase Agreement does not include any of the following: (i) limitations on our use of amounts we receive as the purchase price for shares of Class A Common Stock sold to Alumni Capital; (ii) financial or business covenants; (iii) restrictions on future financings; (iv) rights of first refusal; or (v) participation rights or penalties.

As of January 4, 2024, immediately prior to the entry into the Purchase Agreement, there were 1,194,000 shares of our Class A Common Stock outstanding. Although the Purchase Agreement provides that we may sell up to an aggregate of \$5,000,000 of shares of our Class A Common Stock to Alumni Capital, only 237,885 shares of our Class A Common Stock are being registered for resale under this prospectus, which represents (i) the 24,950 Commitment Shares we will issue to Alumni Capital, and (ii) 212,935 shares of our Class A Common Stock that we may issue and sell to Alumni Capital in the future under the Purchase Agreement in accordance with the Exchange Cap, if and when we elect to sell shares of our Class A Common Stock to Alumni Capital under the Purchase Agreement. Depending on the market prices of our Class A Common Stock at the time we elect to issue and sell shares of our Class A Common Stock to Alumni Capital under the Purchase Agreement, we may need to register for resale under the Securities Act additional shares of our Class A Common Stock in order to receive aggregate gross proceeds equal to the \$5,000,000 total commitment available to us under the Purchase Agreement. If all of such 237,885 shares of our Class A Common Stock offered hereby were issued and outstanding as of the date of this prospectus, such shares would represent approximately 16.2% of the total number of outstanding shares of Class A Common Stock, and approximately 29.6% of the total number of outstanding shares of Class A Common Stock held by non-affiliates, in each case as of the date of this prospectus. If we elect to issue and sell to Alumni Capital under the Purchase Agreement more than the 237,885 shares of our Class A Common Stock being registered for resale by Alumni Capital under this prospectus (assuming we have the right to do so under Nasdaq rules), which we have the right, but not the obligation, to do, we must first register for resale under the Securities Act any such additional shares of our Class A Common Stock, which could cause additional substantial dilution to our shareholders. The number of shares of our Class A Common Stock ultimately offered for sale by Alumni Capital is dependent upon the number of shares purchased by Alumni Capital under the Purchase Agreement.

Issuances of our Class A Common Stock to Alumni Capital under the Purchase Agreement will not affect the rights or privileges of our existing shareholders, except that the economic and voting interests of each of our existing shareholders will be diluted as a result of any such issuance. Although the number of shares of our Class A Common Stock that our existing shareholders own will not decrease, the shares of our Class A Common Stock owned by our existing shareholders will represent a smaller percentage of our total outstanding shares of our Class A Common Stock after any such issuance of shares of our Class A Common Stock to Alumni Capital under the Purchase Agreement. There are substantial risks to our shareholders as a result of the sale and issuance of Class A Common Stock to Alumni Capital under the Purchase Agreement. See "*Risk Factors.*"

Conditions to Commencement and for Delivery of Fixed Purchase Notices

Our ability to deliver purchase notices to Alumni Capital under the Purchase Agreement are subject to the satisfaction by us, of certain conditions, all of which are entirely outside of Alumni Capital's control, including, but not limited to, the following:

- the accuracy in all material respects of our representations and warranties included in the Purchase Agreement on the date of the Purchase Agreement and the date of each closing of a purchase and sale under the Purchase Agreement of;
- we having performed, satisfied and complied in all material respects with all covenants, agreements and conditions required by the Purchase Agreement to be performed, satisfied or complied with by us;
- the registration statement that includes this prospectus (and amendment or supplement thereto) shall have been declared effective and remain effective for the offering and sale of the shares and (i) we shall not have received notice that the SEC has issued or intends to issue a stop order with respect to such registration statement or that the SEC otherwise has suspended or withdrawn the effectiveness of such registration statement, either temporarily or permanently, or intends or has threatened to do so and (ii) no other suspension of the use of, or withdrawal of the effectiveness of, such registration statement or the prospectus shall exist. Alumni Capital shall not have received any notice from us that the registration statement, prospectus and/or any prospectus supplement or amendment thereto fails to meet the requirements of Section 5(b) or Section 10 of the Securities Act;

14

- the number of shares then to be purchased by Alumni Capital shall not exceed the number of such shares that, when aggregated with all other shares of Class A Common Stock then owned by the Alumni Capital beneficially or deemed beneficially owned by Alumni Capital, would result in Alumni Capital owning more than the beneficial ownership limitation;
- trading in the Class A Common Stock shall not have been suspended by the SEC or the Nasdaq, or otherwise halted for any reason, and the Class A Common Stock shall have been approved for listing or quotation on and shall not have been delisted from or no longer quoted on the Nasdaq.
- the issuance of shares of Class A Common Stock to Alumni Capital, including the Commitment Shares, shall not exceed the Exchange Cap, if applicable, subject to appropriate adjustment for any stock dividend, stock split, stock combination, rights offerings, reclassification or similar transaction that proportionately decreases or increases the Class A Common Stock unless holders of a majority of our outstanding voting common stock that are present or represented by proxy at a meeting, to effectuate the transactions contemplated by the Purchase Agreement;
- the absence of any statute, rule, regulation, executive order, decree, ruling or injunction shall have been enacted, entered, promulgated or adopted by any court or governmental authority of competent jurisdiction that prohibits or directly and materially adversely affects any of the transactions contemplated by the Purchase Agreement and the exhibits thereto, and no proceeding shall have been commenced that may have the effect of prohibiting or materially adversely affecting any of the transactions contemplated by the Purchase Agreement and the exhibits thereto;
- the Class A Common Stock must be DWAC Eligible and not subject to a "DTC chill";
- the issuance of the Purchase Notice Shares shall not violate the shareholder approval requirements of Nasdaq; and
- all reports, schedules, registrations, forms, statements, information and other documents required to have been filed by us with the SEC pursuant to the reporting requirements of the Exchange Act shall have been filed with the SEC.

Termination of the Purchase Agreement

Unless earlier terminated as provided in the Purchase Agreement, the Purchase Agreement will terminate automatically on the earliest to occur of:

- December 31, 2024;
- the date on which Alumni Capital shall have purchased Purchase Notice Shares for an aggregate purchase price of \$5,000,000; or
- the date on which we commence a voluntary bankruptcy case or any third party commences a bankruptcy proceeding against us, a custodian is appointed us in a bankruptcy proceeding for all or substantially all of its property, or we make a general assignment for the benefit of its creditors.

No Short-Selling or Hedging by Alumni Capital

Alumni Capital has agreed that neither it nor any of its affiliates shall engage in any direct or indirect short-selling our Class A Common Stock during any time prior to the termination of the Purchase Agreement.

15

Effect of Performance of the Purchase Agreement on our Shareholders

All shares registered in this offering that may be issued or sold by us to Alumni Capital under the Purchase Agreement are expected to be freely tradable. The resale by Alumni Capital of a significant number of shares registered in this offering at any given time, or the perception that these sales may occur, could cause the market price of our Class A Common Stock to decline and to be highly volatile. Sales of our Class A Common Stock to Alumni Capital, if any, will depend upon market conditions and other factors to be determined by us. We may ultimately decide to sell to Alumni Capital all, some or none of the additional shares of our Class A Common Stock that may be available for us to sell pursuant to the Purchase Agreement. If and when we do sell shares to Alumni Capital, after Alumni Capital has acquired the shares, Alumni Capital may resell all, some or none of those shares of Class A Common Stock at any time or from time to time in its discretion. Therefore, sales to Alumni Capital by us under the Purchase Agreement may result in substantial dilution to the interests of other holders of our Class A Common Stock. In addition, if we sell a substantial number of shares to Alumni Capital under the Purchase Agreement, or if investors expect that we will do so, the actual sales of shares or the mere existence of our arrangement with Alumni Capital may make it more difficult for us to sell equity or equity-related securities in the future at a time and at a price that we might otherwise wish to effect such sales. However, we have the right to control the timing and amount of any additional sales of Class A Common Stock to Alumni Capital and the Purchase Agreement may be terminated by us at any time at our discretion without any cost to us, subject to certain conditions.

Pursuant to the terms of the Purchase Agreement, we have the right, but not the obligation, to direct Alumni Capital to purchase up to \$5,000,000 of our Class A Common Stock, subject to certain limitations. If we elect to issue and sell to Alumni Capital under the Purchase Agreement more than the 237,885 shares of our Class A Common Stock being registered for resale by Alumni Capital under this prospectus (assuming we have the right to do so under Nasdaq rules), which we have the right, but not the obligation, to do, we must first register for resale under the Securities Act any such additional shares of our Class A Common Stock, which could cause additional substantial dilution to our

shareholders. The number of shares of our Class A Common Stock ultimately offered for sale by Alumni Capital is dependent upon the number of shares purchased by Alumni Capital under the Purchase Agreement.

The following table sets forth the amount of gross proceeds we would receive from Alumni Capital from our sale of shares of Class A Common Stock to Alumni Capital under the Purchase Agreement at varying purchase prices:

Assumed Average Purchase Price Per Share	Number of Registered Shares to be Issued if Full Purchase ⁽¹⁾	Percentage of Outstanding Shares Issued After Giving Effect to the Issuance to Alumni Capital ⁽²⁾	Gross Proceeds from the Sale of Shares to Alumni Capital Under the Purchase Agreement
\$ 3.50	237,885	16.2%	\$ 745,273
\$ 4.00	237,885	16.2%	\$ 851,740
\$ 4.07 ⁽³⁾	237,885	16.2%	\$ 866,645
\$ 4.50	237,885	16.2%	\$ 958,208
\$ 5.00	237,885	16.2%	\$ 1,064,675
\$ 5.50	237,885	16.2%	\$ 1,171,143
\$ 5.63 ⁽⁴⁾	237,885	16.2%	\$ 1,198,824

- (1) Although the Purchase Agreement provides that we may sell up to \$5,000,000 of our Class A Common Stock to Alumni Capital, we are only registering 237,885 shares under this prospectus, which represents (i) the 24,950 Commitment Shares we will issue to Alumni Capital, and (ii) 212,935 shares of our Class A Common Stock that we may issue and sell to Alumni Capital in the future under the Purchase Agreement in accordance with the Exchange Cap, if and when we elect to sell shares of our Class A Common Stock to Alumni Capital under the Purchase Agreement. The number of registered shares to be issued as set forth in this column includes the 24,950 Commitment Shares to be issued to Alumni Capital, for which we will receive no proceeds.
- (2) The denominator is based on 1,230,246 shares of our Class A Common Stock outstanding as of April 1, 2024, plus the number of shares set forth in the adjacent column that we would have issued or sold to Alumni Capital, assuming the average purchase price in the first column. The numerator is based on the number of shares of our Class A Common Stock issuable under the Purchase Agreement (that are the subject of this offering) at the corresponding assumed average purchase price set forth in the first column.
- (3) The closing price of our Class A Common Stock on April 1, 2024.
- (4) The closing sale price of our Class A Common Stock on January 4, 2024, the date of the Purchase Agreement.

We will incur all costs associated with this prospectus and the registration statement of which it is a part.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the ownership of our Common Stock as of April 1, 2024 (the “Determination Date”) by: (i) each current director of our company; (ii) each of our Named Executive Officers (“NEOs”); (iii) all current executive officers and directors of our company as a group; and (iv) all those known by us to be beneficial owners of more than five percent (5%) of our Common Stock.

Beneficial ownership and percentage ownership are determined in accordance with the rules of the SEC. Under these rules, beneficial ownership generally includes any shares as to which the individual or entity has sole or shared voting power or investment power and includes any shares that an individual or entity has the right to acquire beneficial ownership of within 60 days of the Determination Date, through the exercise of any option, warrant or similar right (such instruments being deemed to be “presently exercisable”). In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of our Common Stock that could be issued upon the exercise of presently exercisable options and warrants are considered to be outstanding. These shares, however, are not considered outstanding as of the Determination Date when computing the percentage ownership of each other person.

To our knowledge, except as indicated in the footnotes to the following table, and subject to state community property laws where applicable, all beneficial owners named in the following table have sole voting and investment power with respect to all shares shown as beneficially owned by them. Percentage of ownership is based on 1,230,246 shares of Class A Common Stock and 100,000 shares of Class B Common Stock outstanding as of the Determination Date. Unless otherwise indicated, the business address of each person in the table below is c/o Yoshiharu Global Co., at 6940 Beach Blvd., Suite D-705, Buena Park, California 90621. No shares identified below are subject to a pledge.

* Beneficial ownership of less than 1.0% is omitted.

- (1) A person is considered to beneficially own any shares: (i) over which such person, directly or indirectly, exercises sole or shared voting or investment power, or (ii) of which such person has the right to acquire beneficial ownership at any time within 60 days (such as through exercise of stock options or warrants). Unless otherwise indicated, voting and investment power relating to the shares shown in the table for our directors and executive officers is exercised solely by the beneficial owner or shared by the owner and the owner’s spouse or children.
- (2) Shares of our Common Stock issuable upon the conversion of our convertible preferred stock are deemed outstanding for purposes of computing the percentage shown above. In addition, for purposes of this table, a person or group of persons is deemed to have “beneficial ownership” of any shares of Common Stock that such person has the right to acquire within 60 days after the date of this prospectus. For purposes of computing the percentage of outstanding shares of our Common Stock held by each person or group of persons named above, any shares that such person or persons has the right to acquire within 60 days after the date of this prospectus is deemed to be outstanding, but is not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. The inclusion herein of any shares listed as beneficially owned does not constitute an admission of beneficial ownership.
- (3) Our Class B Common Stock has 10 votes per share, while our Class A Common Stock has one vote per share.

From time to time, the number of our shares held in the “street name” accounts of various securities dealers for the benefit of their clients or in centralized securities depositories may exceed 5% of the total shares of our Common Stock outstanding.

Each share of Class B Common Stock shall automatically be converted into one fully paid and non-assessable share of Class A Common Stock upon the earliest of (A) the date such shares cease to be beneficially owned (as such term is defined under Rule 13d-3 of the Exchange Act) by James Chae and (B) at 5:00 p.m. Pacific Time on the date that Mr. Chae ceases to beneficially own (as such term is defined under Section 13(d)) at least 25% of the voting power of all the outstanding shares of capital stock of the company.

Except for the foregoing conversion rights of the Class B Common Stock and provisions applicable equally to both Class A Common Stock and Class B Common Stock, including, but not limited to, the repurchase of such shares by us, there are no provisions which otherwise limit the lifespan of the Class B Common Stock or would require conversion to Class A Common Stock.

Holders of Class A Common Stock have no cumulative voting rights or preemptive rights to purchase or subscribe for any stock or other securities, and there are no conversion rights or redemption or sinking fund provisions with respect to Class A Common Stock. Class B Common Stock is identical in all respects to Class A Common Stock, except with respect to voting and conversion rights.

Warrants

At December 31, 2023, the following warrants were outstanding:

Underlying Shares of Class A Common Stock	Expiration Date	Initial Exercise Price ⁽¹⁾
1,700	September 8, 2027	\$ 50.00

(1) Pursuant to the terms of such warrants, the exercise price is subject to adjustment in the event of stock splits, combinations or the like of our Class A Common Stock.

Anti-Takeover Effects of Certain Provisions of Our Articles of Incorporation, as Amended, and Our Bylaws

Our Certificate of Incorporation and our Bylaws contain certain provisions that could have the effect of delaying, deferring or discouraging another party from acquiring control of us. These provisions and certain provisions of Delaware law, which are summarized below, may discourage coercive takeover practices and inadequate takeover bids. These provisions also may encourage persons seeking to acquire control of us to first negotiate with our Board of Directors. We believe that the benefits of increased protection of our potential ability to negotiate with an unfriendly or unsolicited acquirer outweigh the disadvantages of discouraging a proposal to acquire us because negotiation of these proposals could result in an improvement of their terms.

Stockholder meetings. Under our Certificate of Incorporation and Bylaws, only the Board of Directors, or the chairman of the Board of Directors or the Chief Executive Officer with the concurrence of a majority of the Board of Directors, may call special meetings of stockholders.

Requirements for advance notification of stockholder nominations and proposals Our Bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors.

Stockholder action by written consent permitted only if our parent company and its affiliates own a majority of the voting power of the Common Stock. Our Certificate of Incorporation authorizes the right of stockholders to act by written consent without a meeting. This provision will, in certain situations, make it more difficult for stockholders, who are not our parent company or its affiliates, to take action opposed by the Board of Directors.

Amendment of provisions in the Certificate of Incorporation Our Certificate of Incorporation requires the affirmative vote of the holders of at least two-thirds of the combined voting power of our outstanding Common Stock in order to amend any provision of our Certificate of Incorporation.

Amendment of provisions in the Bylaws Our Bylaws will require the affirmative vote of the holders of at least a majority of the combined voting power of our outstanding Common Stock in order to amend any provision of our Bylaws.

Controlled company As discussed above, our Class B Common Stock has 10 votes per share, while Class A Common Stock. 100% of our Class B Common Stock is held by James Chae, our Chief Executive Officer. Until our dual class structure terminates, James Chae will be able to control all matters submitted to our stockholders for approval even if he owns significantly less than 50% of the number of shares of our outstanding Common Stock. This concentrated control could discourage others from initiating any potential merger, takeover or other change of control transaction that other stockholders may view as beneficial.

Delaware Anti-Takeover Statute Our Certificate of Incorporation provides that we are not subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder.

The provisions of Delaware law and the provisions of our Certificate of Incorporation and Bylaws, as amended, could have the effect of discouraging others from attempting hostile takeovers and, as a consequence, they may also inhibit temporary fluctuations in the market price of our Class A Common Stock that often result from actual or rumored hostile takeover attempts. These provisions may also have the effect of preventing changes in our management. It is possible that these provisions could make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Exclusive Forum

Our Certificate of Incorporation and our Bylaws each contain an exclusive forum provision providing that the Court of Chancery of the State of Delaware will be the sole and exclusive forum for: (1) any derivative action or proceeding brought on our behalf, (2) any action asserting a claim of breach of a fiduciary duty owed by, or other wrongdoing by, any of our directors, officers, employees, agents or stockholders, (3) any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law, our Certificate of Incorporation or our Bylaws, or (4) any action asserting a claim that is governed by the internal affairs doctrine. However, each provision states that it shall not apply to actions arising under the Securities Act or the Exchange Act.

In addition, Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. As a result, the exclusive forum provisions will not apply to suits brought to enforce any duty or liability created by the Securities Act or any other claim for which the federal and state courts have concurrent jurisdiction, and our stockholders will not be deemed to have waived our compliance with the federal securities laws and the rules and regulations thereunder.

Any person purchasing or otherwise acquiring any interest in any shares of our capital stock shall be deemed to have notice of and to have consented to this provision included in our Bylaws which we will adopt prior to the completion of this offering. The exclusive forum provisions, if enforced, may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers or other employees, which may discourage such lawsuits. Alternatively, if a court were to find the exclusive forum provisions to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could have a material adverse effect on our business, financial condition, results of operations and growth prospects. For example, the Court of Chancery of the State of Delaware recently determined that a provision stating that U.S. federal district courts are the exclusive forum for resolving any complaint asserting a cause of action arising under the Securities Act is not enforceable.

SELLING STOCKHOLDER

This prospectus relates to the offer and sale by Alumni Capital of up to 237,885 shares of Class A Common Stock that have been and may be issued by us to Alumni Capital under the Purchase Agreement. For additional information regarding the shares of Class A Common Stock included in this prospectus, see the section titled "*The Alumni Capital Transaction*" above. We are registering the shares of Class A Common Stock included in this prospectus pursuant to the provisions of the Purchase Agreement in order to permit the Selling Stockholder to offer the shares for resale from time to time. Except for the transactions contemplated by the Purchase Agreement, Alumni Capital has not had any material relationship with us within the past three years. As used in this prospectus, the term "Selling Stockholder" means Alumni Capital LP.

The table below presents information regarding the Selling Stockholder and the shares of Class A Common Stock that may be resold by the Selling Stockholder from time to time under this prospectus. This table is prepared based on information supplied to us by the Selling Stockholder, and reflects holdings as of April 1, 2024. The number of shares in the column "Maximum Number of Shares of Class A Common Stock to be Offered Pursuant to this Prospectus" represents all of the shares of Class A Common Stock being offered for resale by the Selling Stockholder under this prospectus. The Selling Stockholder may sell some, all or none of the shares being offered for resale in this offering. We do not know how long the Selling Stockholder will hold the shares before selling them, and we know of no existing arrangements between the Selling Stockholder or any other stockholder, broker, dealer, underwriter or agent relating to the sale or distribution of the shares of our Class A Common Stock offered by this prospectus.

Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Exchange Act, and includes shares of Common Stock with respect to which the Selling Stockholder has voting power, including the power to vote or to direct the voting of such shares, and/or investment power, including the power to dispose or to direct the disposition of such shares. The percentage of shares of Class A Common Stock beneficially owned by the Selling Stockholder prior to the offering shown in the table below is based on an aggregate 1,230,246 shares of our Class A Common Stock outstanding on April 1, 2024.

Because the purchase price per share to be paid by the Selling Stockholder for the shares of Class A Common Stock that we may, in our discretion, elect to sell to the Selling Stockholder from time to time after the date of this prospectus in purchases pursuant to the Purchase Agreement, if any, will fluctuate based on the market prices of our Class A Common Stock at the times we elect to sell such shares to the Selling Stockholder in purchases under the Purchase Agreement, it is not possible for us to predict, as of the date of this prospectus and prior to any such purchases under the Purchase Agreement, the actual number of shares of Class A Common Stock that we will sell to the Selling Stockholder under the Purchase Agreement, which may be fewer than the number of shares of Class A Common Stock being offered for resale by the Selling Stockholder under this prospectus. The fourth column assumes the resale by the Selling Stockholder of all of the shares of Class A Common Stock being offered pursuant to this prospectus.

(1) In accordance with Rule 13d-3(d) under the Exchange Act, we have excluded from the number of shares beneficially owned prior to the offering all of the shares that the Selling Stockholder may be required to purchase from us at our election from time to time after the date of this prospectus pursuant to Purchases under the Purchase Agreement, because the issuance of such shares is solely at our discretion and is subject to conditions contained in the Purchase Agreement, the satisfaction of which are entirely outside of the Selling Stockholder's control, including the registration statement that includes this prospectus becoming and remaining effective. Furthermore, the purchases of the Class A Common Stock are subject to certain agreed upon maximum amount limitations set forth in the Purchase Agreement. Also, the Purchase Agreement prohibits us from issuing and selling any shares of our Class A Common Stock to the Selling Stockholder to the extent such shares, when aggregated with all other shares of our Class A Common Stock then beneficially owned by the Selling Stockholder, would cause the Selling Stockholder's beneficial ownership of Class A Common Stock to exceed the 9.99% beneficial ownership limitation. The beneficial ownership limitation may not be amended or waived under the Purchase Agreement.

(2) Applicable percentage ownership is based on 1,230,246 shares of our Class A Common Stock outstanding as of April 1, 2024.

(3) Assumes the sale of all shares being offered pursuant to this prospectus.

(4) The business address of Alumni Capital LP is 801 Brickell Avenue, 8th Floor, Miami, Florida 33130. The general partner of Alumni Capital LP is Alumni Capital GP LLC. Ashkan Mapar is the manager of Alumni Capital GP LLC and as such has voting and disposition control over the shares of Class A Common Stock.

PLAN OF DISTRIBUTION

The shares of Class A Common Stock offered by this prospectus are being offered by the Selling Stockholder, Alumni Capital LP. The shares may be sold or distributed from time to time by the Selling Stockholder directly to one or more purchasers or through brokers, dealers, or underwriters who may act solely as agents at market prices prevailing at the time of sale, at prices related to the prevailing market prices, at negotiated prices, or at fixed prices, which may be changed. The sale of the shares of our Class A Common Stock offered by this prospectus could be effected in one or more of the following methods:

- ordinary brokers' transactions;
- transactions involving cross or block trades;
- through brokers, dealers, or underwriters who may act solely as agents;
- "at the market" into an existing market for our Class A Common Stock;
- in other ways not involving market makers or established business markets, including direct sales to purchasers or sales effected through agents;
- in privately negotiated transactions; or
- any combination of the foregoing.

In order to comply with the securities laws of certain states, if applicable, the shares may be sold only through registered or licensed brokers or dealers. In addition, in certain states, the shares may not be sold unless they have been registered or qualified for sale in the state or an exemption from the state's registration or qualification requirement is available and complied with.

Alumni Capital is an "underwriter" within the meaning of Section 2(a)(11) of the Securities Act.

Alumni Capital has informed us that it intends to use one or more registered broker-dealers to effectuate all sales, if any, of our Class A Common Stock that it has acquired and may in the future acquire from us pursuant to the Purchase Agreement. Such sales will be made at prices and at terms then prevailing or at prices related to the then current market price. Each such registered broker-dealer will be an underwriter within the meaning of Section 2(a)(11) of the Securities Act. Alumni Capital has informed us that each such broker-dealer will receive commissions from Alumni Capital that will not exceed customary brokerage commissions.

Brokers, dealers, underwriters or agents participating in the distribution of the shares of our Class A Common Stock offered by this prospectus may receive compensation in the form of commissions, discounts, or concessions from the purchasers, for whom the broker-dealers may act as agent, of the shares sold by the Selling Stockholder through this prospectus. The compensation paid to any such particular broker-dealer by any such purchasers of shares of our Class A Common Stock sold by the Selling Stockholder may be less than or in excess of customary commissions. Neither we nor the Selling Stockholder can presently estimate the amount of compensation that any agent will receive from any purchasers of shares of our Class A Common Stock sold by the Selling Stockholder.

We know of no existing arrangements between the Selling Stockholder or any other stockholder, broker, dealer, underwriter or agent relating to the sale or distribution of the shares of our Class A Common Stock offered by this prospectus.

We may from time to time file with the SEC one or more supplements to this prospectus or amendments to the registration statement of which this prospectus forms a part to amend, supplement or update information contained in this prospectus, including, if and when required under the Securities Act, to disclose certain information relating to a particular sale of shares offered by this prospectus by the Selling Stockholder, including the names of any brokers, dealers, underwriters or agents participating in the distribution of such shares by the Selling Stockholder, any compensation paid by the Selling Stockholder to any such brokers, dealers, underwriters or agents, and any other required information.

Selling Stockholder. As consideration for its irrevocable commitment to purchase our Class A Common Stock under the Purchase Agreement, we committed to issue to the Selling Stockholder 12,475 shares of Class A Common Stock within two business days of the execution of the Purchase Agreement (the “Initial Commitment Shares”) and an additional 12,475 shares of Class A Common Stock within two business days from the effective date of the registration statement which contains this prospectus (the “Additional Commitment Shares”) and together with the Initial Commitment Shares, collectively, the “Commitment Shares”). We also have agreed to reimburse Alumni Capital for the fees and disbursements of its counsel in amount equal to \$15,000, payable as a deduction from the purchase price to be paid by Alumni Capital for the purchase of Class A Common Stock.

We also have agreed to Alumni Capital and certain other persons against certain liabilities in connection with the offering of shares of our Class A Common Stock offered hereby, including liabilities arising under the Securities Act or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities. Alumni Capital has agreed to indemnify us against liabilities under the Securities Act that may arise from certain written information furnished to us by Alumni Capital specifically for use in this prospectus or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons, we have been advised that in the opinion of the SEC this indemnification is against public policy as expressed in the Securities Act and is therefore, unenforceable.

We estimate that the total expenses for the offering will be approximately \$140,000.

Alumni Capital has represented to us that at no time prior to the date of the Purchase Agreement has Alumni Capital or its agents, representatives or affiliates engaged in or effected, in any manner whatsoever, directly or indirectly, any short sale (as such term is defined in Rule 200 of Regulation SHO of the Exchange Act) of our Class A Common Stock or any hedging transaction, which establishes a net short position with respect to our Class A Common Stock. Alumni Capital has agreed that during the term of the Purchase Agreement, neither Alumni Capital, nor any of its agents, representatives or affiliates will enter into or effect, directly or indirectly, any of the foregoing transactions.

We have advised the Selling Stockholder that it is required to comply with Regulation M promulgated under the Exchange Act. With certain exceptions, Regulation M precludes the Selling Stockholder, any affiliated purchasers, and any broker-dealer or other person who participates in the distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of the distribution until the entire distribution is complete. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of the securities offered by this prospectus.

This offering will terminate on the date that all shares of our Class A Common Stock offered by this prospectus have been sold by the Selling Stockholder.

Our Class A Common Stock is currently listed on The Nasdaq Capital Market under the symbol “YOSH”.

Omnibus Equity Incentive Plan

On February 4, 2022, we adopted an incentive plan, which we refer to as the 2022 Plan, the material terms of which are described below.

Key Features

The Yoshiharu Global Co., Inc. 2022 Omnibus Incentive Plan (the “2022 Plan”) includes a number of provisions that promote best practices by reinforcing the alignment between equity compensation arrangements for eligible employees, non-employee directors and other service providers and stockholders’ interests. These provisions include, but are not limited to, the following (which are qualified in their entirety by the actual text of the 2022 Plan):

- *No Discounted Options or SARs.* Stock options and SARs (as defined below) generally may not be granted with exercise prices lower than the market value of the underlying shares on the grant date.
- *No Repricing without Stockholder Approval.* Other than in connection with a change in our capitalization, at any time when the purchase price of a stock option or SAR is above the market value of a share, we will not, without stockholder approval, reduce the purchase price of the stock option or SAR and will not exchange the stock option or SAR for a new award with a lower (or no) purchase price or for cash.
- *No Transferability.* Awards generally may not be transferred, except as otherwise provided in the 2022 Plan, including by will or the laws of descent and distribution, unless approved by the Board of Directors and/or the Compensation Committee of our Board of Directors (the “Compensation Committee”).
- *No Automatic Grants.* The 2022 Plan does not provide for automatic grants to any individual.
- *Multiple Award Types.* The 2022 Plan permits the issuance of nonstatutory stock options (NSOs), incentive stock options (ISOs), stock appreciation rights (SARs), restricted stock units (RSUs), restricted stock, other stock-based awards, and cash awards. This breadth of award types will enable us to tailor awards in light of the accounting, tax, and other standards applicable at the time of grant.
- *Clawbacks.* All awards, amounts or benefits received or outstanding under the 2022 Plan will be subject to clawback, cancellation, recoupment, rescission, payback, reduction or other similar action in accordance with our clawback or similar policy or any applicable law related to such actions.
- *Independent Oversight.* The 2022 Plan is administered by a committee of independent members of the Board of Directors.

Material Features of the 2022 Plan

The material terms of the 2022 Plan are summarized below. This summary of the 2022 Plan is not intended to be a complete description of the 2022 Plan and is qualified in its entirety by the actual text of the 2022 Plan.

Eligibility and Participation. Awards may be granted under the 2022 Plan to officers, employees, and consultants of the company and its subsidiaries and to non-employee directors of the company. Any of these awards may—but need not—be made as performance incentives to reward attainment of performance goals in accordance with the terms and conditions hereof.

Plan Administration. The Board of Directors has power and authority related to the administration of the 2022 Plan as are consistent with our corporate governance documents and applicable law. Pursuant to its charter, the Compensation Committee administers the 2022 Plan.

Type of Awards. The following types of awards are available for grant under the 2022 Plan: ISOs, NSOs, SARs, restricted stock, RSUs, other stock-based awards, and cash awards.

Number of Authorized Shares. The total number of shares authorized to be awarded under the Plan will not exceed 1,500,000 shares of Class A Common Stock. Shares issued under the Plan will consist in whole or in part of authorized but unissued shares, treasury shares, or shares purchased on the open market or otherwise, all as determined by us from time to time. Subject to adjustment under Section 15 of the 2022 Plan, 1,500,000 shares available for issuance under the Plan will be available for issuance as Incentive Stock Options.

Share Counting. Any award settled in cash will not be counted as shares for any purpose under the Plan. If any Award expires, or is terminated, surrendered, or forfeited, in whole or in part, the unissued shares covered by that award will again be available for the grant of awards. In the case of any substitute award, such substitute award will not be counted against the number of shares reserved under the 2022 Plan.

Stock Options and SARs

Grant of Options and SARs. The Compensation Committee may award ISOs, NSOs (together, “options”), and SARs to grantees under the 2022 Plan. SARs may be awarded either in tandem with or as a component of other awards or alone.

Exercise Price of Options and SARs. A SAR will confer on a grantee a right to receive, upon exercise thereof, the excess of (1) the fair market value of one Share on the date of exercise over (2) the SAR exercise price. The Award Agreement for a SAR (except those that constitute substitute awards) will specify the SAR Exercise Price, which will be fixed on the grant date as not less than the fair market value of a Share on that date. A SAR granted in tandem with an outstanding option after the grant date of such option will have a SAR Exercise Price that is equal to the option price, provided that the SAR Exercise Price may not be less than the fair market value of a Share on the grant date of the SAR.

Vesting of Options and SARs. The Board of Directors and/or Compensation Committee will determine the terms and conditions (including any performance requirements) under which an option or SAR will become exercisable and will include that information in the award agreement.

Special Limitations on ISOs. An option will constitute an ISO only if the grantee of the option is an employee of the company or any subsidiary of the company and to the extent that the aggregate fair market value (determined at the time the option is granted) of the shares with respect to which all ISOs held by such grantee become exercisable for the first time during any calendar year (under the 2022 Plan and all other plans of the grantee’s employer and its affiliates) does not exceed \$100,000. This limitation will be applied by taking options into account in the order in which they were granted.

Restricted Shares and RSUs

At the time of grant, the Compensation Committee may establish a period of time and any additional restrictions including the satisfaction of corporate or individual

performance objectives applicable to an award of Restricted Shares or RSUs. Each award of Restricted Shares or RSUs may be subject to a different restricted period and additional restrictions. Neither Restricted Shares nor RSUs may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the Restricted Period or before the satisfaction of any other applicable restrictions. Unless the Compensation Committee otherwise provides in an award agreement, holders of Restricted Shares will have rights as stockholders, including voting and dividend rights.

Other Stock-Based Awards

The Compensation Committee may, in its discretion, grant other stock-based awards. The terms of other stock-based awards will be set forth in the applicable award agreements, subject to the 2022 Plan requirements.

Performance Awards

The right of a grantee to exercise or receive a grant or settlement of any award, and the timing thereof, may be subject to such performance terms conditions as may be specified by the Compensation Committee. It may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance terms or conditions.

Effect of Certain Transactions

Adjustments for Changes in Capitalization. If changes in our Class A Common Stock occur by reason of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in stock, or other increase or decrease in the Class A Common Stock without receipt of consideration by us, or if there occurs any spin-off, split-up, extraordinary cash dividend or other distribution of assets by us, the number and kinds of shares for which grants of awards may be made, the number and kinds of shares for which outstanding awards may be exercised or settled, and the performance goals relating to outstanding awards, will be equitably adjusted by us.

Adjustments for Certain Transactions. Except as otherwise provided in an award agreement, in the event of a corporate transaction, the 2022 Plan and the awards will continue in effect in accordance with their respective terms, except that after a corporate transaction either (1) each outstanding award will be treated as provided for in the agreement entered into in connection with the corporate transaction or (2) if not so provided in such agreement, each grantee will be entitled to receive in respect of each Share subject to any outstanding awards, upon exercise or payment or transfer in respect of any award, the same number and kind of stock, securities, cash, property, or other consideration that each stockholder was entitled to receive in the corporate transaction in respect of one Share. Unless otherwise determined by the Compensation Committee, such stock, securities, cash, property or other consideration will remain subject to all of the terms and conditions (including performance criteria) that were applicable to the awards before such corporate transaction. Without limiting the generality of the foregoing, the treatment of outstanding options and SARs under in connection with a corporate transaction in which the consideration paid or distributed to the stockholders is not entirely shares of Class A Common Stock of the acquiring or resulting corporation may include the cancellation of outstanding options and SARs upon consummation of the corporate transaction as long as, at the election of the Compensation Committee, (A) the holders of affected options and SARs have been given a period of at least 15 days before the date of the consummation of the corporate transaction to exercise the options or SARs (to the extent otherwise exercisable) or (B) the holders of the affected options and SARs are paid (in cash or cash equivalents) in respect of each Share covered by the Option or SAR being canceled an amount equal to the excess, if any, of the per Share price paid or distributed to stockholders in the corporate transaction (the value of any noncash consideration to be determined by the Compensation Committee) over the option price or SAR Exercise Price, as applicable.

Change in Control. For any Awards outstanding as of the date of a change in control, either of the following provisions will apply, depending on whether, and the extent to which, awards are assumed, converted, or replaced by the resulting entity in a change in control, unless otherwise provided by an award agreement:

(1) To the extent such awards are not assumed, converted or replaced by the resulting entity in the change in control, then upon the change in control such outstanding awards that may be exercised will become fully exercisable, all restrictions with respect to such outstanding awards, other than for performance awards, will lapse and become vested and nonforfeitable, and for any outstanding performance awards the target payout opportunities attainable under such awards will be deemed to have been fully earned as of the change in control based upon the greater of (A) an assumed achievement of all relevant performance goals at the “target” level or (B) the actual level of achievement of all relevant performance goals against target as of our fiscal quarter end preceding the change in control.

(2) To the extent such awards are assumed, converted, or replaced by the resulting entity in the change in control, if, within 24 months after the date of the change in control, the service provider has a separation from service by us other than for cause (which may include a separation from service by the service provider for “good reason” if provided in the applicable award agreement), then such outstanding awards that may be exercised will become fully exercisable, all restrictions with respect to such outstanding awards, other than for performance awards, will lapse and become vested and nonforfeitable, and for any outstanding performance awards the target payout opportunities attainable under such awards will be deemed to have been fully earned as of the separation from service based on the greater of an assumed achievement of all relevant performance goals at the “target” level or the actual level of achievement of all relevant performance goals against target as of our fiscal quarter end preceding the change in control.

Term of Plan. Unless earlier terminated by the Board of Directors or the Compensation Committee, the authority to make grants under the 2022 Plan will terminate on the tenth anniversary of the 2022 Plan’s effective date.

Item 14. Indemnification of Directors and Officers.

Under Delaware law, a Delaware corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than one by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, against judgments, fines, amounts paid in settlement and reasonable expenses, including attorneys’ fees actually and necessarily incurred as a result of such action or proceeding, if such director or officer acted, in good faith, for a purpose which such person reasonably believed to be, in, or not opposed to, the best interests of the corporation and, in criminal actions or proceedings, in addition, had no reasonable cause to believe that such conduct was unlawful.

In the case of a derivative action, a Delaware corporation may indemnify any such person against expense, including attorneys’ fees actually and necessarily incurred by such person in connection with the defense or settlement of such action or suit if such director or officer if such director or officer acted, in good faith, for a purpose which such person reasonably believed to be, in or not opposed to, the best interests of the corporation, except that no indemnification will be made in respect on any claim, issue or matter as to which such person will have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery of the State of Delaware or any other court in which such action was brought determines such person is fairly and reasonably entitled to indemnity for such expense.

Delaware Law permits a corporation to include in its certificate of incorporation a provision eliminating or limiting a director’s liability to a corporation or its stockholders for monetary damages for breaches of fiduciary duty. Delaware Law provides, however, that liability for breaches of the duty of loyalty, acts or omissions not in good faith or involving intentional misconduct, or knowing violation of the law, and the unlawful purchase or redemption of stock or payment of unlawful purchase or redemption of stock or payment of unlawful dividends or the receipt of improper personal benefits cannot be eliminated or limited in this manner.

Our Certificate of Incorporation and Bylaws provide that we will indemnify our directors to the fullest extent permitted by Delaware law and may, if and to the extent authorized by the Board of Directors, indemnify our officers and any other person whom we have the power to indemnify against any liability, reasonable expense or other matter whatsoever.

Any amendment, modification or repeal of the foregoing provisions shall be prospective only, and shall not affect any rights or protections of any of our directors existing as of the time of such amendment, modification or repeal.

We may also, at the discretion of the Board of Directors, purchase and maintain insurance to the fullest extent permitted by Delaware law on behalf of any of our directors, officers, employees or agents against any liability asserted against such person and incurred by such person in any such capacity.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the “Securities Act”) may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing, the Registrant has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 15. Recent Sales of Unregistered Securities

The following is a summary of all of our securities sold by us within the past three years which were not registered under the Securities Act:

On January 4, 2024, we entered into a Securities Purchase Agreement, as amended by an Amendment to Securities Purchase Agreement dated April 18, 2024 (the “Purchase Agreement”) with the Selling Stockholder whereby we have the right to sell up to an aggregate of \$5.0 million of newly issued shares of our Class A Common Stock. We issued 12,475 shares of our Class A Common Stock to the Selling Stockholder as an initial fee for commitment to purchase our Class A Common Stock under the Purchase Agreement.

The issuances pursuant to the Purchase Agreement were made in reliance upon exemptions from registration under Section 4(a)(2) of the Securities Act of 1933, as amended, and Regulation D promulgated thereunder.

Item 16. Exhibits.

The list of exhibits in the Exhibit Index to this registration statement is incorporated herein by reference.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) that, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii), and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is a part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (i) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
